## Section 1 – Introduction

---

This directory provides a list of the HNE Medicare Advantage Plan network providers. To get detailed information about your health care coverage, please see your Evidence of Coverage.

You will have to choose one of our Network providers who are listed in this directory to be your **Primary Care Provider (PCP)**. The term “PCP” will be used throughout this directory. Generally, you must get your health care services from your PCP.

Choosing your Primary Care Provider (PCP) is the first and most important decision you must make when you join an HNE Medicare Advantage Plan. Your PCP is the first person you should call when you need medical care. A PCP may be an internal medicine, family practice, or general practice doctor or participating nurse practitioner. Your PCP selection will not limit the specialists or hospitals you can use, as long as they are in the HNE Medicare Advantage Plan network. Please remember that your PCP may only have admitting privileges at certain hospitals or facilities.

You must choose a PCP from this list of providers. If you choose a PCP that you have not seen before, we suggest you do the following:

- Call the PCP’s office as soon as possible and tell the staff that you are a new member.
- Make an appointment to see the PCP so he or she can get to know you and begin taking care of your medical needs. You do not have to wait until you are sick to make this appointment. You should get to know your doctor as soon as possible.
- Ask your previous doctor to send your medical records to your new PCP.

You may change your PCP by calling Member Services. PCP changes take effect on the next business day after your request. You may change to any PCP in this directory, except those who have notified HNE that they are not currently accepting new patients.

The “network providers” listed in this directory have agreed to provide you with your health care services. You may go to any of our network providers listed in this directory without a referral. If you have been going to one network provider, you are not required to continue to go to that same provider. There are some services provided by network providers that require Prior Authorization. To get Prior Authorization, have your treating network provider send a Prior Approval Request Form to the Health Services Department for review.

HMO members must use network providers to get medical care and services. The only exceptions are emergencies, urgently needed care when the network is not available (generally, out of the area), out-of-area dialysis services, and cases in which the plan authorizes use of non-network providers. Emergency care can always be obtained in or out of the service area from the nearest available provider. When in the service area, HMO members must use network providers

for urgent care. When out of the service area (within the United States), urgent care may be obtained from the first available provider. In addition, when out of the service area, you can obtain dialysis treatment from any qualified dialysis provider. If HMO members obtain routine care from out-of-network providers, neither Medicare nor HNE Medicare Advantage will be responsible for the costs. HMO-POS members may use either network providers or out-of-network providers. HMO-POS members may pay more for out-of-network services. You must receive any out-of-network care from a provider who participates in Medicare. If you receive out-of-network care, it is best to ask an out-of-network provider to bill us first. But, if you have already paid for the covered services, we will reimburse you for our share of the cost for covered services. Or if an out-of-network provider sends you a bill that you think we should pay, you can send it to us for payment.

Please contact Member Services or see your Evidence of Coverage for more information.

### **What is a “medical emergency” and what should you do if you have one?**

When you have a “medical emergency,” you believe that your health is in serious danger. A medical emergency can include severe pain, a bad injury, a sudden illness, or a medical condition that is quickly getting much worse.

If you have a medical emergency:

- **Get help as quickly as possible.** Call 911 for help or go to the nearest emergency room, hospital, or urgent care center. Call for an ambulance if you need it. You do not need to get approval or a referral first from your PCP.
- **As soon as possible, make sure that our plan has been told about your emergency.** We need to follow up on your emergency care. You or someone else should call to tell us about your emergency care, usually within 48 hours. Contact Member Services at one of the numbers listed on the inside front cover. These numbers are also listed on your plan membership card.

If you have an emergency, we will talk with the doctors who are giving you emergency care to help manage and follow up on your care. The doctors who are giving you emergency care will decide when your condition is stable and the medical emergency is over.

After the emergency is over you are entitled to follow-up care to be sure your condition continues to be stable. Your follow-up care will be covered by our plan. If your emergency care is provided by out-of-network providers, we will try to arrange for network providers to take over your care as soon as your medical condition and the circumstances allow.

We will talk with the doctors who are giving you emergency care to help manage and follow up on your care. When the doctors who are giving you emergency care say that your condition is stable and the medical emergency is over then you are still entitled to follow-up post stabilization care. Your follow-up post stabilization care will be covered according to Medicare guidelines. In

general, if your emergency care is provided out of network we will try to arrange for network providers to take over your care as soon as your medical condition and the circumstances allow.

## **What is the Service Area for HNE Medicare Advantage?**

The counties in our Service Area are listed below.

Our service area includes Hampden, Hampshire, Franklin, and Berkshire counties in Massachusetts, and Hartford and Tolland counties in Connecticut.

## **How do you find HNE Medicare Advantage providers in your area?**

You may search for a provider by type and then by location. You may also look up providers by name using the alphabetical listing at the end of this directory. (See page 4 for a sample listing.)
- Contacting Member Services at the number listed below
- Visiting [healthnewengland.org/medicare](http://healthnewengland.org/medicare)

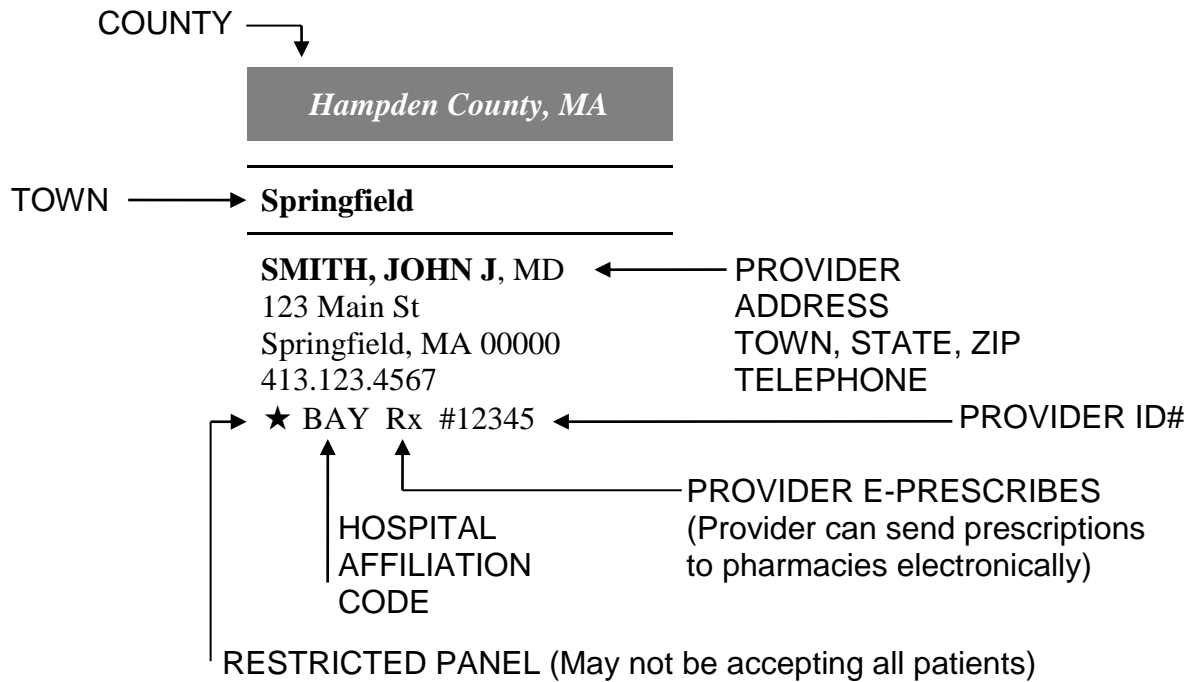

If you have questions about the HNE Medicare Advantage Plan or require assistance in selecting a PCP, please call our Member Services Department at 413.787.0010 or 877.443.3314. A representative will be available to speak with you from 8:00 a.m. to 8:00 p.m., Monday through Friday (October 1 through February 14: 8:00 a.m. to 8:00 p.m., seven days a week). TTY users should call 800.439.2370.
